**IV. Fire Fighting Measures**

---

**Extinguishing Media:** Water Spray - material is essentially non-flammable  
**Special Fire Fighting Procedures:** Do not breathe fumes. Wear self-contained breathing apparatus. Remove from area of fire at first opportunity.  
**Unusual Fire Hazards:** If heated to decomposition, will give off toxic fumes.

---

**V. Accidental Release Measures**

---

**If Spill Occurs:** If material is uncontaminated, collect into clean container for use.  
If contaminated, scoop into containers for disposal. Inform authorities immediately if sewers or water courses are contaminated.

---

**VI. Handling and Storage**

---

Store in a cool dry area. Keep out of reach of children and domestic animals.

---

**VII. Exposure Controls/Personal Protection**

---

**Ventilation Protection:** Provide local or general ventilation to keep dust below ACGIH nuisance dust limit of 10 mg/m<sup>3</sup>. Applicators should stand upwind.

**Respiratory Protection:** NIOSH/MSHA approved respirator should be used if dust exposure exceeds levels of 10 mg/m<sup>3</sup>.

**Protective Clothing:** None usually required. Long sleeves and gloves should be used by those with sensitive skin.

**Eye Protection:** Use of safety glasses is recommended.
